

Guidelines on Interview and Employment Application Questions

Dear Saint Louis University Hiring Manager:

Now more than ever, it is critical to conduct lawful employment interviews, as the cost for an employer to defend itself against a claim of discrimination can be several hundred thousand dollars.

The guiding principle behind any question to an applicant—whether the question is asked by the interviewer or appears on the application form—should be, **“Can the employer demonstrate a job-related necessity for asking the question?”** The intent behind the question, as well as how the information is used, is what the Equal Employment Opportunity Commission (EEOC) examines to determine if any discrimination has occurred.

Therefore, an applicant should only be asked questions that are *job-related*. Before asking the question, the interviewer should first determine whether this information is really necessary in order to judge the applicant’s qualifications, level of skills and overall competence for the job in question.

Following is a representative list of unacceptable and acceptable questions. ***Please note that this list is NOT all-inclusive.*** For additional guidance, please contact the HR Department at (314) 977-3711.

***Note on arrest records:** Using arrest or conviction records as an absolute bar to employment disproportionately excludes certain racial groups. Therefore, such records should not be used in this manner unless there is a business need for their use. Thus, an exclusion based on an arrest record is only justified if it appears not only that the conduct is job-related and relatively recent but also that the applicant or employee actually engaged in the conduct for which he or she was arrested. According to the EEOC, whether there is a business need to exclude persons with **conviction** records from particular jobs depends on the nature of the job, the nature and seriousness of the offense, and the length of time since the conviction and/or incarceration. In addition, some states bar the use of arrest records in employment decisions.
