- Supplemented with lower-cost books, but this is primary textbook throughout all coursework
 - All books are found prior to next semester on MySLU tools
- Many reading assignments provided through e-reserves

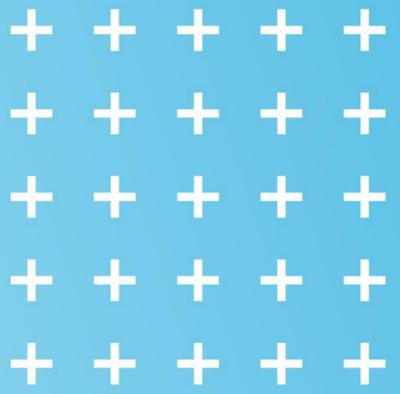

Non-Textbook Costs: Program-Wide Assignment

To further assure fluency in learning, the ABA Program at Saint Louis University established a cross-class assignment. Behavior Development Solutions is a company that developed a timed testing series to assist students in both learning and preparation for the BACB exam. **You will need to purchase a minimum of a 2-year subscription to these modules**, but the modules due for each class vary. At the beginning of your first class (or during orientation), you will be guided through the modules and how completion is monitored. Please wait for instructions from faculty before purchasing.

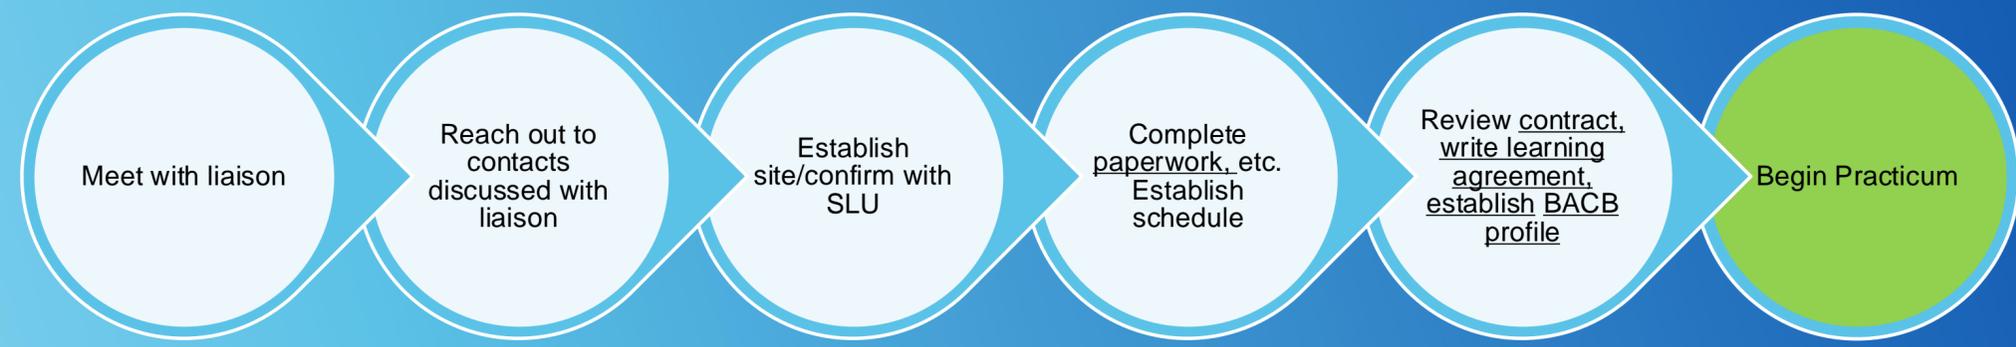

Cost: \$570 for the entire 2-year investment. Payment plans are optional. Not available through bookstore.
